

About the QR Code Signs at Woodlawn Cemetery

This project was created by students at Fairmont State University in 2022 through a grant from the Appalachian Regional Commission's Appalachian Teaching Project. You will find small circular signs at various locations in the memorial park. With your mobile phone, use your photo feature to focus on the QR code. You will see a link on SoundCloud to a brief audio story about key historical figures. At left: students from the Interdisciplinary Program at Fairmont State toured Woodlawn to determine what audio stories they would use in this project. These are shown below.

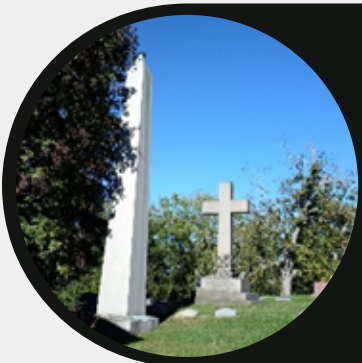

Welcome and Overview of Historic Woodlawn Cemetery

The sign is located near the entrance to Woodlawn by Pierpont storyboard.

The Francis Pierpont Story

The sign is located in the Historic District, Section 1 near top of hill.

J. O. Watson and Coal Barons of Fairmont

This sign is located in the Historic District, Section 1 near Watson family monuments shown here.

Sam 'Toothpick' Jones

The sign is located on the road in front of the Abbey (across from the stairway). Mr. Jones can be found about half way down this section.

Dorcas Mahala Prichard

The sign is located in Section 2 near Conaway Mausoleum. The Prichard family is located near the Hutchinson section on the right.
